

WDM LED Rope Light

LED ROPE LIGHT is best replacement of traditional rope light with the following remarkable and outstanding features:

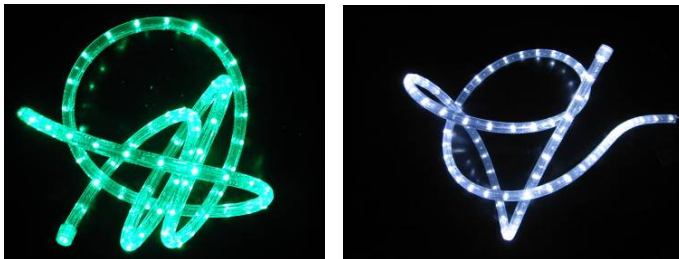

- **Energy saving:** 1/8 power consumption of Incandescent bulb, 1/2 of fluorescent light.
- **Longer life span:** 100,000 hours, encapsulated by small measurement, light weight epoxy resin enclosure.
- **Fine reliability:** low heat emission, heat radiation free, touchable features.
- **Environment protection:** anti-shocking, recyclable, non-polluting.

Although the price is higher than traditional lighting source, regain the investment of LED rope light within one year by power saving expense , and even achieve several times power saving net income in 4-9 years.

:: Note that all WDM Lighting Rope Light is cut and sold per meter.

Round Type:

2Wire LED Rope Light (Round Type Ø13mm)
