

PROJECT: TYPE:

LOCATION: CAT:

Description

Utilize Spektrum Smart Lighting products with digital assistants using the Spektrum SmartHub

Features

- Operates using both Bluetooth and WiFi signals
- For use with the Spektrum Smart App and digital assistant (not included)
- Includes 5V DC wall power converter with 3ft cord

Mounting

Set upon table-top. It is not recommended to place the Smart Hub into a metal or heavy gauge enclosure as it may interfere with overall signal and reception resulting in inoperable devices.

Applications

Converts WiFi signal to Bluetooth® signal for Spektrum Smart Products
