Remote Control

▶ RF remote control

Both Android and Apple phones can scan the QR code to download the app

For Apple system: go to the App Store and search for "my smartLED" to download the App For Android system: go to the Google Play Store and search for "my smartLED" to download the App.

Connect your Bluetooth device with the app

- a. Turn on Bluetooth on your mobile phone
- b. Power on the light engine
- c. Open the App on your mobile phone
- d. The App will automatically connect to light engine

Important notes

Do not connect your mobile phone manually to the light engine in your mobile phone's Bluetooth settings

One mobile phone can connect to and control multiple light engines, but one light engine can only be connected to and controlled by one mobile phone at a time.
