Comments or Special Instructions

Star Panel design offer a dramatic and inspiring effect that energizes perspectives on acoustic panels, star ceilings and cove lighting. Our star Panels come in a variety of sizes from 2' x 2', 2' x 4', 4' x 4', and 4' x 8'. Star panels come pre-wired with end glow fiber optics and are ready to insert in any existing ceiling grid system. Every star panel comes with a high quality LED light source that can also be controlled via RS232. Various size Star Panel kits, individual pre-wired panels, and any custom configurations are also available. Furthermore We also offers wifi star panels with wifi signal built into the panels for more flexibility, customization and overall usability.

*Additional costs may apply. ** Class 2 power supplies. 12V 60W max. | 24V 100W max. Please indicate if class 2 is needed.
